

Ada (hache) Cervera

WEB PLATFORM, INFRASTRUCTURE & SECURITY SPECIALIST

WordPress · E-commerce · Performance · Technical SEO

> **I like solving problems, whether that's a client's web ecosystem or a bouldering wall.**

End-to-end ownership of 15+ live web properties across WordPress, Shopify, Wix and PrestaShop: hosting, DNS, Cloudflare, SSL, backups, migrations, performance audits and multilingual sites (WPML, hreflang). I troubleshoot layer by layer, from DNS and CDN to reverse proxy, application and database, and I look after security headers and cache strategy. Hands-on with SEO, GEO and AEO: structured data and access for AI crawlers. I started in marketing and moved to the technical side; I run my own home server and publish open research on how websites behave.

EXPERIENCE

NOV 2024 – SEP 2026

Web Platform & WordPress Specialist

Neurona Digital SL, Valencia

- End-to-end ownership of 15+ live web properties: hosting, DNS, Cloudflare, SSL, backups, migrations and daily troubleshooting across WordPress, Shopify, Wix and PrestaShop.
- Multilingual multi-site operations with WPML and hreflang across Spanish, Valencian and English, on shared templates.
- Technical performance audits with Screaming Frog and Ahrefs: crawl health, Core Web Vitals, redirect chains and canonicals, as continuous work rather than one-off reports.
- Security headers (CSP, HSTS, X-Frame-Options, Referrer-Policy, Permissions-Policy) and cache strategy; issues isolated layer by layer, from DNS to database.
- GA4 and GTM set up from scratch with conversion goals; GSC monitoring and structured data validation; Figma to Elementor Pro with no handoff in between.

JUN 2024 – JUN 2025

Marketing Strategy & Sponsorships

Jump Yard Valencia

- Coordinated the brand's Valencia opening day: €7,000 in revenue, 56% above the previous store record (€4,500 in Bilbao).
- Grew Instagram following by 30k+ around the launch, plus sponsorships and collaborations with major brands (confidential).
