

Ada (hache) Cervera

WEB PLATFORM, INFRASTRUCTURE & SECURITY SPECIALIST

WordPress · E-commerce · Performance · Technical SEO

hi.hache.cervera@gmail.com · linkedin.com/in/hache-cervera
hache-cervera.github.io · Valencia, Spain

Dear recruiter: you probably have plenty more CVs to get through, so I have tried to make mine easy to read.

I keep websites running, from the server to the search results: hosting, DNS, security and performance.

20+	4	Remote	3
websites worked on	different CMS platforms	or hybrid in Valencia. I can travel when needed, for urgent issues or the needs of the role, about once a month	languages: Spanish, Valencian and English (fluent)

Infrastructure & hosting

DNS, Cloudflare, SSL, backups and migrations, on cPanel and Plesk. I run my own Linux server with Docker and Nginx.

Security

Security headers, TLS certificates and Cloudflare WAF rules.

Performance & technical SEO

Core Web Vitals, crawl audits with Screaming Frog and Ahrefs, and structured data.

R&D and tools

Internal tools that take repetitive work off the team, open-source tools, and my own research, open to the public.

LATEST ROLE

NOV 2024 – SEP 2026

Web Platform & WordPress Specialist

Neurona Digital SL, Valencia

- 15+ websites across four different CMS platforms, WordPress and e-commerce.
- Multilingual sites with WPML and hreflang: Spanish, Valencian, English and more.
- Process optimization and internal tools for the team.

MAIN STACK

WordPress · WooCommerce · WPML · Shopify · PrestaShop · cPanel · Plesk · Cloudflare · GA4 · GTM · Search Console · Screaming Frog

If this already fits, all the detail is on the next page.

RESUME

Ada (hache) Cervera

Web Platform, Infrastructure & Security Specialist

I like solving problems, whether that's a client's web ecosystem or a bouldering wall.

I have worked on 20+ websites across WordPress, Shopify, Wix and PrestaShop: hosting, DNS, Cloudflare, SSL, backups, migrations, performance and multilingual sites. I troubleshoot layer by layer, from DNS to database, and look after security headers and cache strategy. Also SEO, GEO and AEO. I started in marketing and design and moved to the technical side; I run my own home server and publish open research on websites.

EXPERIENCE

NOV 2024 – SEP 2026

Web Platform & WordPress Specialist

Neurona Digital SL, Valencia

- 15+ websites across four different CMS platforms (WordPress, Shopify, Wix and PrestaShop): hosting, DNS, Cloudflare, SSL, backups, migrations and daily troubleshooting.
- Multilingual multi-site operations with WPML and hreflang in Spanish, Valencian, English and more.
- Technical audits with Screaming Frog and Ahrefs: crawl health, Core Web Vitals, redirects and canonicals.
- Security headers (CSP, HSTS and others) and cache strategy; issues isolated layer by layer, from DNS to database.
- GA4 and GTM set up from scratch with conversion goals; Search Console monitoring and structured data validation.
- Process optimization and internal tools that take repetitive work off the team.

JUN 2024 – JUN 2025

Marketing Strategy & Sponsorships

Jump Yard Valencia

- Coordinated the brand's Valencia opening day: €7,000 in revenue, 56% above the previous store record (€4,500 in Bilbao).
- Grew Instagram following by 30k+ around the launch, plus sponsorships and collaborations with major brands (confidential).

PROJECTS & RESEARCH

yogurTLS

TLS certificate checker that runs on the server itself: it tells you whether auto-renewal is set up and whether a renewed certificate was never loaded, which online checkers cannot see. Open source.

Research, 2026

My own studies with public data on website speed, accessibility, security and AI search, with open data.

Homelab

A niche WordPress site on my own Linux server with Docker and Nginx, behind Cloudflare.

EDUCATION

Master's in Digital Marketing & Big Data · Universidad Europea de Valencia

Bachelor of Arts, Graphic Design · Teesside University / Prague College

BTEC Level 5 HND, Art & Design · Pearson BTEC / ESAT, Valencia

In years of experience I am not senior yet. I make up for it by learning: part of what is on this CV I taught myself, and I use it every day.
